

Chris True has been an AP Statistics and Calculus teacher for the past 20 years in Omaha and Lincoln, Nebraska. He has initiated successful AP Statistics programs at three different high schools. He is an endorsed consultant in AP Statistics for the College Board and has presented dozens of 1-day workshops and week long AP summer institutes for new and experienced teachers. He presented at the AP Annual Conference in Seattle in 2008 and has also presented at several NCTM, T-cubed and regional workshops. He has been a reader and a table leader for the past 10 years and is also an adjunct professor at the University of Nebraska where he teaches Calculus.

He earned his bachelor's degree in Mathematics from the University of Nebraska in Lincoln. After graduation, he worked in the insurance industry for 3 years as an actuary before returning to school to earn my teaching certification and a Masters degree from the University of Nebraska.

He and his wife, Shari, have three children. In his spare time, he enjoys running, fishing and spending time with his family.

He can be contacted at ctrue@lps.org
